FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Honorable Members of City Council
City of Galax, Virginia

We have audited the accompanying financial statements of the governmental activities, business-type activities, each discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Galax, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns* and *Specifications for Audits of Authorities, Boards, and Commissions* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business type activities, each discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Galax, Virginia, as of June 30, 2011, and the respective changes in financial position, where applicable, and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2011 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The City has not presented a management discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In addition, accounting principles generally accepted in the United States of America require that the schedule of funding progress for the defined benefit pension plan and other post-employment benefits and budgetary comparison information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's financial statements as a whole. The introductory section, combining fund statement and schedules listed in the table of contents as other supplementary information, and the other information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the City's basic financial statements. The combining fund financial statement and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and other information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Brown, Edwards & Company, L.L.P.

CITY OF GALAX, VIRGINIA

**STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE
GOVERNMENTAL FUND
Year Ended June 30, 2011**

**Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balance of the Governmental Fund to the Statement of Activities:**

Net change in fund balance – governmental fund		\$ 614,534
<p>Governmental funds report capital outlays as expenditures; however, in the Statement of Activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.</p>		
Capital outlays	577,814	
Depreciation expense	(875,023)	(297,209)
<p>The net effect of various miscellaneous transactions involving capital assets (i.e., sales, donations, disposals) is to increase net assets.</p>		
		83,954
<p>Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.</p>		
		(168,937)
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt (\$517,681) consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. This amount is the net effect of these differences in the treatment of long-term debt.</p>		
		517,681
<p>Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:</p>		
Decrease in landfill liability	30,293	
Increase in compensated absences	(64,134)	
Increase in other post-employment benefits	(23,759)	
Decrease in accrued interest payable	8,814	
Amortization of bond issue costs and other deferred costs	(7,840)	
		(56,626)
Change in net assets of governmental activities		\$ 693,397

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies

A. Financial Reporting Entity

The City of Galax, Virginia (the “City”) is a political subdivision of the Commonwealth of Virginia governed by an elected seven-member City Council. The City engages in a comprehensive range of municipal services, including general government administration, judicial administration, public safety, public works, health and welfare, education, recreation and cultural activities, community development, and water and sewer services.

Discretely Presented Component Units: Discretely presented component units are entities that are legally separate from the City, but for which the City is financially accountable, or whose relationship with the City is such that exclusion would cause the City’s financial statements to be misleading or incomplete. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the City.

Galax City School Board

The Galax City School Board (the “School Board”) is responsible for elementary and secondary education within the City’s jurisdiction. The Board is comprised of five members appointed by City Council. The School Board is fiscally dependent upon the City because City Council approves the School Board budget, levies the necessary taxes to finance operations, and approves the borrowing of money and issuance of debt. The School Board does not issue separate financial statements.

Galax City Industrial Development Authority

The Galax City Industrial Development Authority (the “IDA”) was created to encourage and provide financing for industrial development in the City. The IDA’s directors are appointed by City Council, and the City is financially accountable for the IDA in that it provides local funding for the IDA’s activities. It is authorized to acquire, own, lease, and dispose of properties to the extent that such activities foster and stimulate industrial development. The IDA is presented as a proprietary fund type and does not issue separate financial statements.

Jointly Governed Organizations: The following entities are excluded from the accompanying financial statements:

Galax–Carroll Regional Library

The Galax-Carroll Regional Library was created by the City and County of Carroll. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The City contributed \$223,436 to the Library for the current year. The City acts as fiscal agent for this organization.

Twin County E-911 Commission

The City, in conjunction with the counties of Carroll and Grayson, participates in supporting the Twin County E-911 Commission. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The City contributed \$108,284 to the Commission for the current year. The City acts as fiscal agent for this organization.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

A. Financial Reporting Entity (Continued)

Galax-Grayson Ambulance Service

The City and the County of Grayson participate in supporting the Galax-Grayson Ambulance Service. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The organization's activities are primarily supported by user charges. The City acts as fiscal agent for this organization.

Carroll – Grayson – Galax Regional Industrial Facilities Authority

The City and the Counties of Carroll and Grayson participate in the Regional Industrial Facilities Authority. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The primary purpose of the authority is to develop facilities that provide for the comfort, convenience, and welfare of the participating localities' citizens. It is authorized to acquire, own, lease, and dispose of properties to the extent that such activities foster and stimulate industrial development.

Carroll – Grayson – Galax Regional Solid Waste Authority

The City and the Counties of Carroll and Grayson participate in the Regional Solid Waste Authority. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. Each jurisdiction provides collection of solid waste and recyclables from within its jurisdiction and delivers the collected materials to the Waste Authority. All Waste Authority operations are financed by tipping fees and the individual jurisdictions are required to fund any annual deficit incurred by the Waste Authority. The City paid \$243,629 in tipping fees during the current year.

The Wired Road Authority

The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. The primary purpose of the Authority is to develop and construct broadband infrastructure in the participating localities and then lease that infrastructure to third parties. The organization's activities are to be primarily supported by lease revenue. The City acts as fiscal agent for this organization.

B. Government-wide and Fund Financial Statements

Government-wide financial statements consist of a Statement of Net Assets and a Statement of Activities that report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary* government is reported separately from certain legally separate *component* units for which the primary government is financially accountable.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide statements. Major individual governmental and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Agency funds, a type of fiduciary fund, report only assets and liabilities; therefore, they do not have a measurement focus. Agency funds use the accrual basis of accounting to recognize assets and liabilities.

Governmental fund financial statements use the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they become both measurable and available. Accordingly, real and personal property taxes are recorded as deferred revenue and receivables when levied, net of allowances for uncollectible amounts. Real and personal property taxes recorded at June 30 and received within the first 60 days after year end are included in tax revenues. Sales and utility taxes are recognized as revenues and amounts receivable when the underlying exchange transaction occurs. Licenses, permits, fines, and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state, and other grants for the purpose of specific funding are recognized when earned or at the time of the specific reimbursable expenditure. Revenues from general-purpose grants are recognized in the period in which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

CITY OF GALAX, VIRGINIA
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. However, debt service expenditures as well as expenditures related to compensated absences, other postemployment benefits, landfill postclosure, and claims and judgments are recorded only when payment is due.

The City reports the following major governmental fund:

General Fund – This is the government’s primary operating fund. It accounts for all financial resources of the general government not required to be accounted for in other funds.

Proprietary Funds are used to account for the reporting entity’s ongoing organizations and activities similar to those often found in the private sector. The City reports the following major proprietary fund:

Water and Sewer Fund – The Water and Sewer fund accounts for the activities of the City’s water and sewer system, which includes water distribution and sewage collection systems throughout the City.

Additionally, the City reports the following fund category:

Fiduciary Funds – Fiduciary funds are used to account for assets held by the City in a purely custodial capacity. The Special Welfare Fund and Galax Futures are reported as agency funds.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government’s proprietary funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include charges to customers or applicants for goods, services or privileges provided, operating grants and contributions, and capital grants and contributions. *General revenues* include all taxes, grants and contributions not restricted to specific programs, and other revenues not meeting the definition of program revenues.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Operating revenues and expenses in the proprietary fund result from providing goods and services in connection with their principal ongoing operations. The principal operating revenues of the City's proprietary fund are charges for services. The proprietary fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund include the cost of sales and services, purchases, administrative expenses, contractual services, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, Liabilities, and Net Assets or Equity

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, amounts in demand deposits, as well as short-term investments with a maturity date within three months of the date acquired.

Receivables

All account and property tax receivables are shown net of an allowance for uncollectibles. The allowance for uncollectible accounts is calculated using historical collection data, specific account analysis, and management's judgment.

Inventories

Inventories consist of commodities received from the U.S. Department of Agriculture, which are valued at market in the school operating fund. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as items with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business type activities is included as part of the capitalized value of the assets constructed.

CITY OF GALAX, VIRGINIA

**NOTES TO FINANCIAL STATEMENTS
June 30, 2011**

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

Capital Assets (Continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Infrastructure	20-50 years
Buildings and improvements	20-40 years
Machinery and equipment	4-15 years

Compensated Absences

City and School Board employees are granted a specified number of days of leave with pay each year. The accumulated vacation and sick leave pay is accounted for as a liability in the government-wide financial statements. A liability for these amounts is reported in the governmental funds when the amounts have become due and payable.

Deferred Revenues

Deferred revenue consists primarily of property taxes not collected within 60 days of year end and property taxes collected that are not yet due.

Long-term Obligations

In the government-wide financial statements (and proprietary fund types in the fund financial statements), long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net assets. Bond premiums and discounts, as well as bond issuance costs, are deferred and amortized over the life of the bonds using the effective interest method or bonds outstanding method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Repayments and issuance costs are reported as debt service expenditures.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the appropriation, is employed as an extension of formal budgetary integration in the governmental funds. Significant encumbrances as of June 30, 2011 total \$80,632 in the general fund.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

Estimates

Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and reported revenues, expenditures, and expenses. Actual results could differ from those estimates.

Fund Equity

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds.

The classifications are as follows:

- **Nonspendable** – Amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, such as prepaid expenditures and inventory. It also includes the long-term amount of interfund loans.
- **Restricted** – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- **Committed** – Amounts constrained to specific purposes by City Council, using its highest level of decision making authority; to be reported as committed, amounts cannot be used for any other purposes unless the same highest level of action is taken to remove or change the constraint.
- **Assigned** – Amounts the City intends to use for a specified purpose; intent can be expressed by the governing body or by the City Manager who has been designated this authority.
- **Unassigned** – Amounts that are available for any purpose; positive amounts are reported only in the general fund.

City Council establishes fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established by Council through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes).

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

Pass Through Financing Leases and Installment Sales in IDA

The principal activities of the IDA represent pass through leases or installment sales. These agreements provide for periodic payments in amounts which are equal to the principal and interest payments due to project bond holders. The IDA has assigned all rights to such payments to the trustees, agents, or the holders of the bonds, and the lessees or purchasers have assumed responsibility for all operating costs such as utilities, repairs, and property taxes. In such cases, the IDA neither receives nor disburses funds. Although title to these properties may rest with the IDA, bargain purchase options or other provisions eliminate any equity interest that would otherwise be retained in the lease transactions. Deeds of trust secure outstanding bond obligations, and title will pass to the lessee or purchaser at such time as the bonds are fully paid. Although the IDA provides a conduit to execute such transactions, it does not retain either the benefits of asset ownership or the liability for bond liquidation. Accordingly, the IDA does not recognize associated assets, liabilities, rental income, or interest expense in its financial statements.

Note 2. Deposits and Investments

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments

Investment Policy:

In accordance with the *Code* and other applicable law, including regulations, the City's investment policy (Policy) permits investments in obligations of the United States or agencies thereof, prime quality commercial paper, non-negotiable certificates of deposit and time deposits of Virginia banks, negotiable certificates of deposit of domestic banks, banker's acceptances with domestic banks, Commonwealth of Virginia and Virginia Local Government Obligations, repurchase agreements collateralized by the U. S. Treasury/Agency securities, the Virginia State Non-Arbitrage Program or other authorized Arbitrage Investment Management programs, and the State Treasurer's Local Government Investment Pool (the Virginia LGIP, a 2a-7 like pool).

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 2. Deposits and Investments

Investments (Continued)

Investment Policy: (Continued)

Pursuant to Sec. 2.1-234.7 of the *Code*, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The LGIP reports to the Treasury Board at their regularly scheduled monthly meetings and the fair value of the position in LGIP is the same as the value of the pool shares (i.e., the LGIP maintains a stable net asset value of \$1 per share).

The Policy limits investment maturities to five years maximum maturity for any negotiable certificate of deposit or any sovereign government obligation excluding those of the United States, to 15 years for any single corporate security, and five years for any single asset-backed security.

Credit Risk:

As required by state statute, the Policy requires that commercial paper have a short-term debt rating of no less than "A-1" (or its equivalent) from at least two of the following: Moody's Investors Service, Standard and Poor's, and Fitch Investor's Service, provided that the issuing corporation has a net worth of at least \$50 million and its long-term debt is rated "A" or better by Moody's and Standard and Poor's. Banker's acceptances and Certificates of Deposit maturing in less than one year must have a short-term debt rating of at least "A-1" by Standard and Poor's and "P-1" by Moody's Investor Service.

As of June 30, 100% of the portfolio was invested in "AAAm" rated obligations. Credit ratings presented in this paragraph are Standard and Poor's credit ratings.

Concentration of credit risk:

The City has not adopted an investment policy for credit risk, which places limits on the amount that they may invest in any one issuer.

Interest rate risk:

The carrying values and weighted average maturity of investments were as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
LGIP	\$ 89,252	100%

Concentration of Credit Risk:

The City has not adopted an investment policy for credit risk, which places limits on the amount it may invest in any one issuer.

CITY OF GALAX, VIRGINIA

**NOTES TO FINANCIAL STATEMENTS
June 30, 2011**

Note 2. Deposits and Investments (Continued)

Investments (Continued)

Custodial credit risk: (Continued)

The above items are reflected in the financial statements as follows:

	Primary Government	Component Units	
		School Board	IDA
Deposits and investments:			
Cash on hand	\$ 1,150	\$ 2,000	\$ -
Deposits	2,872,173	2,046,771	51,999
Investments	89,252	-	-
	\$ 2,962,575	\$ 2,048,771	\$ 51,999
Statements of net assets:			
Cash and cash equivalents	\$ 2,366,255	\$ 2,048,771	\$ 51,999
Cash and cash equivalents, restricted	500,035	-	-
Fiduciary fund cash and cash equivalents	96,285	-	-
	\$ 2,962,575	\$ 2,048,771	\$ 51,999

Restricted amounts:

Restricted cash and cash equivalents at the Primary Government consist of accounts for Museum \$3,385, Bicentennial Committee \$2,499, Recreation Center Bus \$15,697, Blue Ridge Post 145 Book \$14,504, Veterans Memorial \$38,705, Police Narcotics \$25,148, DARE \$7,280, Anthem Stock \$303,586, Twin County Task Force \$16,491, Police Seizure \$27,781, and Jeff Matthews Museum \$44,959. The Anthem Stock relates to amounts that are restricted by state legislation for specified purposes.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 3. Receivables, Deferred Revenue, and Property Taxes

Receivables are as follows:

	Governmental Activities	Business-type Activities
Receivables		
Taxes	\$ 923,130	\$ -
Accounts	174,485	680,981
	<u>1,097,615</u>	<u>680,981</u>
Gross receivables		
Less:		
Allowance for uncollectible taxes	(582,294)	-
Allowance for uncollectible accounts	(5,021)	(39,947)
	<u>(587,315)</u>	<u>(39,947)</u>
Total allowance		
Receivables, net	<u>\$ 510,300</u>	<u>\$ 641,034</u>

Deferred revenue is as follows:

Property taxes receivable – unavailable		\$ 87,057
Meals taxes receivable – unavailable		112,019
Advance collection of 2011-2012 property taxes – unearned		13,161
EMS advance – unavailable		10,420
Library advance – unavailable		22,717
		<u>245,374</u>
Total deferred revenue – governmental fund		
Less deferrals for taxes receivable earned		(232,213)
		<u>13,161</u>
Unearned revenue – statement of net assets		<u>\$ 13,161</u>

Property taxes:

The City levies real estate taxes on all real property within its boundaries, except that exempted by statute, at a rate enacted by City Council on the assessed value of property (except public utility property) as determined by the Commissioner of Revenue. Public utility property is assessed by the Commonwealth. All real property is assessed at 100 percent of fair market value and reassessed every four years as of January 1. The Commissioner of Revenue, by authority of City ordinance, prorates billings for property incomplete as of January 1, but completed during the year.

Real estate taxes are billed in annual installments due December 5. Property taxes attach an enforceable lien on property as of January 1. Any uncollected amounts from previous years' levies are incorporated in the taxes receivable balance. The real estate tax rate was \$0.57 per \$100 of assessed value.

Personal property tax assessments on all motor vehicles is \$1.68 per \$100 assessed value. Personal property tax on business machinery and tools is \$1.42 per \$100 of assessed value. Personal property taxes for the calendar year are due on December 5. Personal property taxes do not create a lien of property.

CITY OF GALAX, VIRGINIA

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 8. Short-term Debt

The City issued a tax anticipation note in advance of property tax collections. This note was used to fund operations until the collection of property taxes. The note was obtained in the amount of \$500,000 at an interest rate of 2.5% and was repaid during the current year.

Note 9. Landfill Closure and Postclosure Care Costs

The City closed its former landfill site in 1994. In accordance with federal and state laws, the City placed a final cover on this site and was required to perform certain maintenance and monitoring functions for a minimum of ten years after closure.

The presence of certain contaminants from the closed landfill has been detected in the groundwater, which thereby extends the monitoring period in excess of the initial requirement. The estimated liability is based on the Virginia Department of Environmental Quality (DEQ) accepting the active remedy proposed by the City as discussed below. If the DEQ does not accept the active remedy, the actual costs may increase. Also, actual costs may be higher due to inflation, changes in technology, changes in regulations, or other unforeseen circumstances. The cumulative amount of estimated postclosure care and corrective costs to date for this site, less cash paid for such costs to date, totals \$753,000. This amount is included in the long-term liabilities in the primary government.

The City's current plan of remediation on the site consists of monitored natural attenuation. This remedy consists of monitoring wells on the site for what is expected to be approximately thirty years. It is the City and its external engineer's belief that during the thirty years, the groundwater contaminants will decrease to an acceptable level and the City will be released by the DEQ from all other monitoring requirements at this site.

The City uses the financial test method of demonstrating assurance for postclosure care and corrective action costs.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 10. Fund Balance/Net Assets

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Non Spendable: (General Fund)

Prepays	\$ <u>20,928</u>
---------	------------------

Restricted: (General Fund)

Purpose restrictions – Museum	\$ 48,344
Purpose restrictions – Anthem Stock proceeds	303,586
Purpose restrictions - Veteran’s Memorial fund	38,705
Purpose restrictions – Blue Ridge Post 145 Book fund	14,504
Purpose restrictions – Rec. Center Bus fund	15,697
Purpose restrictions – Bicentennial Committee	2,499
Purpose restrictions – Police Narcotics, DARE, Twin County Task Force, and Police Seizure	<u>76,700</u>
	<u>\$ 500,035</u>

Committed: (General Fund)

Encumbrances (Community Development)	\$ <u>80,632</u>
--------------------------------------	------------------

Non Spendable: (Component Unit – School Board)

Inventories	\$ 27,566
Prepays	<u>187,745</u>
	<u>\$ 215,311</u>

Committed: (Component Unit – School Board)

Band Uniform	\$ 64,232
Textbook Fund	388,461
School Nutrition	<u>252,182</u>
	<u>\$ 704,875</u>

Assigned: (Component Unit – School Board)

Operating costs of schools	\$ <u>1,960,535</u>
----------------------------	---------------------

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 11. Significant Transactions of the City and Component Unit – School Board

Certain transactions between the City and School Board are explained here in detail to provide a more informed understanding of the operational relationship of the two entities and how such transactions are presented in the financial statements.

1. The School Board can neither levy taxes nor incur debt under Virginia law. Therefore, the City issues debt “on behalf” of the School Board. The debt obligation is recorded as a liability of the City. The proceeds from the debt issued “on behalf” of the School Board are recorded in the City’s General Fund. This fund then accounts for capital expenditures relating to major school construction projects.
2. Debt service payments for school bonded debt are reported as part of the City in the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Fund.
3. Local governments in Virginia have a “tenancy in common” with the School Board whenever the locality incurs a financial obligation for school property which is payable over more than one year. In order to match the capital assets with the related debt, the legislation permits the primary government to report the portion of the school property related to the financial obligation as “jointly owned” assets. When the debt related to a particular capital asset is completely retired, the related capital asset, net of accumulated depreciation, is removed from the City’s financial statements and reported in the School Board’s financial statements. The School Board retains authority and responsibility over the operation and control of this property.
4. If all economic resources associated with school activities were reported with the School Board, its total expenditures would be as follows:

Expenditures of School Board – Component Unit (Exhibit B-2)	\$ 12,791,062
Principal and other debt service expenses included in primary government (Exhibit 4)	<u>388,521</u>
Total expenditures for school activities	<u><u>\$ 13,179,583</u></u>

Note 12. Significant Transactions of the City and Component Unit – Industrial Development Authority

The City provides personnel and office space to the IDA at no charge.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 13. Defined Benefit Pension Plan

Plan Description

The City and School Board contributes to the Virginia Retirement System (VRS), an agent and cost-sharing multiple-employer defined benefit pension plan administered by the Virginia Retirement System (the "System"). All full-time, salaried permanent (professional) employees of public school divisions and participating employers are automatically covered by VRS upon employment. Benefits vest after five years of service credit. Members earn one month of service credit for each month they are employed and their employer is paying into the VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as credit in their plan.

VRS administers two defined benefit plans for local government employees – Plan 1 and Plan 2:

- Members hired before July 1, 2010 and who have service credits before July 1, 2010 are covered under Plan 1. Non-hazardous duty members are eligible for an unreduced retirement benefit beginning at age 65 with at least five years of service credit or age 50 with at least 30 years of service credit. They may retire with a reduced benefit as early as age 50 with at least 10 years of service credit or age 55 with at least five years of service credit.
- Members hired or rehired on or after July 1, 2010 and who have no service credits before July 1, 2010 are covered under Plan 2. Non-hazardous duty members are eligible for an unreduced benefit beginning at their normal Social Security retirement age with at least five years of service credit or when the sum of their age and service equals 90. They may retire with a reduced benefit as early as age 60 with at least five years of service credit.
- Eligible hazardous duty members in Plan 1 and Plan 2 are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. These members include sheriffs, deputy sheriffs and hazardous duty employees of political subdivisions that have elected to provide enhanced coverage for hazardous duty service. They may retire with a reduced benefit as early as age 50 with at least five years of service credit. All other provisions of the member's plan apply.

The VRS Basic Benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the member's average final compensation multiplied by the member's total service credit. Under Plan 1, average final compensation is the average of the member's 36 consecutive months of highest compensation. Under Plan 2, average final compensation is the average of the member's 60 consecutive months of highest compensation. The retirement multiplier for non-hazardous duty members is 1.70%. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier for eligible political subdivision hazardous duty employees other than sheriffs and jail superintendents is 1.70% or 1.85% as elected by the employer. At retirement, members can elect the Basic Benefit, the Survivor Option, a Partial Lump-Sum Option Payment (PLOP) or the Advance Pension Option. A retirement reduction factor is applied to the Basic Benefit amount for members electing the Survivor Option, PLOP or Advance Pension Option or those retiring with a reduced benefit.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 13. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

Retirees are eligible for an annual cost-of-living adjustment (COLA) effective July 1 of the second calendar year of retirement. Under Plan 1, the COLA cannot exceed 5.00%; under Plan 2, the COLA cannot exceed 6.00%. During years of no inflation or deflation, the COLA is -0-%. The VRS also provides death and disability benefits. Title 51.1 of the *Code of Virginia* (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the plans administered by VRS. A copy of the report may be obtained from the VRS Web site at <http://www.varetire.org/Pdf/Publications/2010-annual-report.pdf> or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Funding Policy

Plan members are required by Title 51.1 of the *Code of Virginia* (1950), as amended, to contribute 5% of their annual salary to the VRS. The City may and has assumed this 5% member contribution. In addition, the City and School Board are required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the *Code of Virginia* and approved by the VRS Board of Trustees. The City's contribution rate for 2011 was 11.92% of annual covered payroll. The School Board's contribution rates for 2011 were 8.93% for professional employees and 13.88% for non-professional employees.

For the three years ended June 30, 2011, 2010, and 2009, total employer contributions made to the VRS statewide teacher pool for professional employees by the School Board were \$568,397, \$782,520, and \$904,079, respectively, and represented 8.27%, 11.83%, and 13.81% of annual covered payroll, respectively, and 100% of the required contributions for 2011, 2010, and 2009, respectively.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 13. Defined Benefit Pension Plan (Continued)

Annual Pension Cost

For 2011, the City's and School Board's annual pension costs, including the employee share assumed by the City, of \$675,244 and \$70,046, respectively, were equal to their required and actual contributions. The required contribution was determined as part of the June 30, 2007 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return, (b) projected salary increases ranging from 3.75% to 5.60% per year, and (c) 2.50% per year cost-of-living adjustments. Both (a) and (b) included an inflation component of 2.50%. The actuarial value of the City and School Board assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The City and School Board's unfunded actuarial accrued liabilities are being amortized as a level percentage of payroll on an open basis within a period of 20 years.

Three-Year Trend Information for City of Galax

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC	Net Pension Obligation
June 30, 2011	\$ 675,244	100%	\$ -
June 30, 2010	\$ 628,378	100%	\$ -
June 30, 2009	\$ 641,551	100%	\$ -

Three-Year Trend Information for the City of Galax School Board – Non-Professional

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC	Net Pension Obligation
June 30, 2011	\$ 70,046	100%	\$ -
June 30, 2010	\$ 68,195	100%	\$ -

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 13. Defined Benefit Pension Plan (Continued)

Funded Status and Funding Progress

As of June 30, 2010, the most recent actuarial valuation date, the plan was 82.11% funded for the City and 79.47% funded for the School Board. The actuarial accrued liability for benefits was \$21,551,874 for the City and \$1,633,129 for the School Board and the actuarial value of assets was \$17,695,419 for the City and \$1,298,181 for the School Board, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,856,455 for the City and \$334,948 for the School Board. The covered payroll (annual payroll of active employees covered by the plan) was \$5,052,761 for the City and \$504,435 for the School Board, and the ratio of the UAAL to the covered payroll was 76.32% for the City and 66.40% for the School Board.

The schedule of funding progress, presented as Required Supplementary Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Note 14. Other Post-employment Benefits

Plan Description

The City and School Board provide post-employment medical coverage for retired employees through a single-employer defined benefit plan. The plan is established under the authority of City Council and the School Board, which may also amend the plan as deemed appropriate.

Participants in the City's and School Board's OPEB plans must have attained 15 years and 10 years of full-time consecutive service, respectively, to be eligible and may remain on the policy until the participant is eligible for Medicare benefits or becomes employed by another employer.

Health benefits include medical insurance. Participating retirees pay 100% of monthly premiums to continue with the insurance plans.

CITY OF GALAX, VIRGINIA

**NOTES TO FINANCIAL STATEMENTS
June 30, 2011**

Note 14. Other Post-employment Benefits (Continued)

Plan Description (Continued)

The number of participants at July 1, 2010, date of valuation, was as follows:

	City	School Board
Retirees currently receiving benefits	4	18
Active employees	142	177
Total	146	195

Funding Policy

The City and School Board currently fund post-employment health care benefits on a pay-as-you-go basis.

Annual Other Post-employment Benefit Cost and Net OPEB Obligation

For 2011, the City and School Board's OPEB costs were equal to the Annual Required Contribution (ARC).

	City	School Board
Annual required contribution	\$ 33,527	\$ 51,169
Interest on net OPEB obligation	2,154	2,676
Adjustment to annual required contribution	(2,198)	(2,731)
Annual OPEB cost	33,483	51,114
Contributions made	(5,857)	(25,640)
Increase in net OPEB obligation	27,626	25,474
Net OPEB obligation – beginning of year	53,849	66,911
Net OPEB obligation – end of year	\$ 81,475	\$ 92,385

CITY OF GALAX, VIRGINIA

**NOTES TO FINANCIAL STATEMENTS
June 30, 2011**

Note 14. Other Post-employment Benefits (Continued)

Annual Other Post-employment Benefit Cost and Net OPEB Obligation (Continued)

The City and School Board's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are as follows.

City:

Fiscal Year Ending	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2011	\$ 33,527	41.15%	\$ 81,475
June 30, 2010	\$ 30,415	10.58%	\$ 53,849
June 30, 2009	\$ 29,577	9.89%	\$ 26,652

Schools:

Fiscal Year Ending	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2011	\$ 51,169	55.39%	\$ 92,385
June 30, 2010	\$ 58,040	44.40%	\$ 66,911
June 30, 2009	\$ 58,068	59.66%	\$ 34,641

Funding Status and Funding Progress

The funding status of the plan as of July 1, 2010 was as follows:

	City	School Board
Actuarial Accrued Liability (AAL)	\$ 295,788	\$ 486,866
Actuarial Value of Plan Assets	5.22%	7.09%
Unfunded Actuarial Accrued Liability (UAAL)	\$ 295,788	\$ 486,866
Funded Ratio (Actuarial Value of Plan Assets/AAL)	0%	0%
Covered Payroll (Active Plan Members)	\$ 4,713,716	\$ 6,219,691
UAAL as a Percentage of Covered Payroll	6.28%	7.82%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 14. Other Post-employment Benefits (Continued)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2010, actuarial valuation, the projected unit credit actuarial cost method, was used to determine liabilities. Under this method, the postretirement health costs are assumed to be earned ratably from the date of hire to the participant's full eligibility age. The actuarial assumptions used a 4% discount rate and a medical trend rate of 6.5%. The unfunded accrued liability is being amortized over 30 years, commencing with the 2010 liability.

Note 15. Risk Management

General liability and other insurance:

The City and its component units are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; workers' compensation claims and natural disasters.

The City participates with other localities in a public entity risk pool for their coverage of workers compensation, excess liability, and public official's liability insurance with the Virginia Municipal Liability Pool. Each member of the risk pool jointly and severally agrees to assume, pay, and discharge any liability. The City pays contributions and assessments based upon classification and defined rates into a designated cash reserve fund held by the Virginia Municipal Group. Claims, awards, and expenses of the pool are paid from this reserve fund. In the event of a loss deficit and depletion of all available excess insurance, the pool may assess all members in the proportion in which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. The City and its component unit – School Board continue to carry commercial insurance for all other risks of loss. The property coverage is for specific amounts based on values assigned to the insured properties. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Unemployment insurance:

The City and School Board are fully self-insured for unemployment claims. The Virginia Employment Commission bills the City and School Board for all unemployment claims.

Healthcare insurance:

The City and School Board provide coverage for employees through policies with Anthem. The City and School Board contribute 85% and 100%, respectively of the required premium amount for single coverage for each employee. Dependents of employee are also covered by the policy provided they pay the additional premium to the City and School Board. Total premiums for 2011 paid by the City and School Board (including employee contributions) were approximately \$1,074,446 and \$975,256, respectively.

(Continued)

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 16. Commitments and Contingencies

Primary Government

Special purpose grants:

Special purpose grants are subject to audit to determine compliance with their requirements. City officials believe that if any refunds are required they will be immaterial.

Consent order:

During 2003, a final consent decree was ordered against the City which requires an implementation of measures to eliminate sources of inflow and infiltration and overflows from its sanitary sewer collection system. The City began to implement these measures in 2003 to correct the issues at an estimated cost of approximately \$2.0 million. The City has been awarded grant funding and has issued revenue and general obligation debt during the current year through the Virginia Resources Authority in the amount of \$1.85 million for the project.

Wired Road Authority:

During 2009, the Wired Road Authority entered a lease agreement and received a loan in the amount of \$260,000 to complete the broadband infrastructure project. The Authority is responsible for the debt service on the loan. The City has a non-binding commitment to make the debt service payments for the Authority.

Blue Ridge Crossroads

During 2011, the City entered into an agreement with Blue Ridge Crossroads Economic Development Authority (BRCEDA) and is morally obligated for debt obtained for the BRCEDA Wildwood Park Project. The City's portion of the obligation is \$5.3 million and the contributions to BRCEDA during the current year was \$9,907. It is the hope of BRCEDA that this park project will be a catalyst for economic development in the region.

Note 17. Subsequent Events

Exchange of Land:

During July 2011 the City exchanged land for the purpose of constructing and operating a pump station and related public water facilities. The physical exchange of land will not take place until December 2011.

Twin County Airport Commission:

The City has entered into an agreement with The Twin County Airport Commission to be responsible for a one-third share of the debt service for hanger construction. The anticipated commitment is \$20,000 per year for the next 25 years. This commitment could be reduced based on potential revenue from rental revenues. The contributions are not anticipated to occur until 2013.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 18. Contribution Agreement

In 2010, the City contributed approximately \$194,000 to the IDA, which the IDA loaned to Galax Partners, LP (“LP”) for the rehabilitation. The City may, from time to time, demand any loan repayments received by the IDA be contributed back to the City. At June 30, 2011, \$614,473 was outstanding on this note receivable along with \$3,691 in accrued interest.

The IDA is leasing the rehabilitated facility from the City for a nominal annual rent for a term of 40 years, and sublease the facility to the LP under similar terms.

Note 19. New Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following statements which are not yet effective.

GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, was issued to address service concession arrangements, which are a type of public-private or public-public partnership. The statement defines a service concession arrangement in which (1) the transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset in exchange for significant consideration and (2) the operator collects and is compensated by fees from third parties. The requirements of this statement establish recognition, measurement, and disclosure requirements for these types of arrangements. This statement will be effective for the year ending June 30, 2013.

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34*, modifies certain requirements for inclusion of component units in the financial reporting entity. For organizations that previously were required to be included as component units by meeting the fiscal dependency criterion, a financial benefit or burden relationship also would need to be present to be included as a component unit. The statement also amends the criteria for reporting of blended component units. For component units that are blended based on the “substantively the same governing body” criterion, it additionally requires that a financial benefit or financial burden relationship exist or management of the primary government have operational responsibility for the activities of the component unit. The statement also clarifies the reporting of equity interests in legally separate organizations. It requires a primary government to report its equity interest in a component unit as an asset. This statement will be effective for the year ending June 30, 2013.

CITY OF GALAX, VIRGINIA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 19. New Accounting Standards (Continued)

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, was issued to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in FASB pronouncements issued on or before November 30, 1989 which do not conflict with or contradict GASB pronouncements. This statement will be effective for the year ending June 30, 2013.

GASB Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflow of Resources, and Net Position* is intended to improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. It alleviates uncertainty about reporting those financial statement elements by providing guidance where none previously existed. This statement will be effective for the year ending June 30, 2013.

Management has not yet evaluated the effects, if any, of adopting these standards.

CITY OF GALAX, VIRGINIA
NOTES TO FINANCIAL STATEMENTS
June 30, 2011

Note 20. Prior Period Adjustments

The following is a summary of the restatement to fund balances/net assets at June 30, 2010:

	Primary Government		
	General Fund	Water and Sewer Fund	Governmental Activities
Fund balance/net assets, June 30, 2010, as previously stated	\$ 1,428,782	\$ 4,033,007	\$ 11,994,909
To remove Galax Future funds from general fund	(38,380)	-	(38,380)
To remove Junior Appalachian Musicians (JAM) funds from Chestnut Creek School of the Arts (CCSA) fund	(3,758)	-	(3,758)
To accrue prior period revenue from Carrol County	-	31,597	-
Capitalize capital assets that had been previously expensed	-	-	59,444
Net change in fund balance/net assets	<u>(42,138)</u>	<u>31,597</u>	<u>17,306</u>
Fund balance/net assets June 30, 2010, as restated	<u>\$ 1,386,644</u>	<u>\$ 4,064,604</u>	<u>\$ 12,012,215</u>

Galax Future is a separate legal entity with its own cash accounts and a separate set of books. The City manages the entity's cash. The City set up a separate cash and a due to account to treat the funds as agency/fiduciary funds.

JAM is an organization that teamed up with CCSA in 2010. JAM wanted the City to handle their money for them so the City began handling their funds just as they do for CCSA. At the end of 2011, JAM decided they wanted to handle their own money again and did not want the funds going through the City; therefore, the City wrote JAM a check for the balance they had at year end, part of which included funds collected in 2010. These funds were written-off against fund balance and current year funds were zeroed out through current year activity.

The City has an agreement with Carroll County to provide sewer services for the Gladeville/Cranberry project. This adjustment is to accrue accounts receivable for a billing invoice that spanned April 15, 2010 to July 15, 2010.

The capital assets were due to the Finance Director continuing a strict review of capital assets that was started during the prior year, and noted an amount that was previously expensed.

**NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2011**

Note 1. Budgetary Information

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- ◆ Prior to May 1, the City Manager submits to City Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the related financing. The following funds have legally adopted budgets: General Fund and the School Operating Fund.
- ◆ Public hearings are conducted to obtain citizen comments.
- ◆ Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
- ◆ The Appropriations Resolution places legal restrictions on expenditures at the function level. Only City Council can revise the appropriation for each category. The City Manager is authorized to transfer budgeted amounts within general government departments, and the School Board is authorized to transfer budgeted amounts within the school system's categories.
- ◆ Formal budgetary integration is employed as a management control device during the year for the General Fund. The School Fund is integrated only at the level of legal adoption.
- ◆ All budgets are adopted on a basis which is consistent with generally accepted accounting principles (GAAP).
- ◆ Appropriations lapse on June 30 for all City units.
- ◆ All budget data presented in the accompanying financial statements includes the original and revised budgets as of June 30.

COMPLIANCE SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Members of City Council
City of Galax, Virginia

We have audited the financial statements of the governmental activities, the business-type activities, each discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Galax, Virginia, as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated November 29, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; *Specifications for Audits of Counties, Cities and Towns*, and *Specifications for Audits of Authority, Boards and Commissions* issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies, or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. **We consider the deficiencies, Items 08-1 and 11-1, described in the accompanying schedule of findings and questioned costs to be material weaknesses.**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. **The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, which are reported as Items 11-2 through 11-4 in the accompanying schedule of findings and questioned costs.**

We noted certain other matters that we reported to management of the City in a separate letter dated November 29, 2011.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the City's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, state and federal awarding agencies, pass-through entities, and the Galax City Council, and is not intended to be, and should not be, used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND
ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH *OMB CIRCULAR A-133***

Honorable Members of City Council
City of Galax, Virginia

Compliance

We have audited the compliance of the City of Galax, Virginia with the types of compliance requirements described in the U.S. Office of Management and Budget (*OMB Circular A-133 Compliance Supplement*) that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and *OMB Circular A-133* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City of Galax, Virginia complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City’s internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with *OMB Circular A-133*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. **We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.**

This report is intended for the information and use of management, City Council, others within the entity, and state and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

CITY OF GALAX, VIRGINIA

SUMMARY OF COMPLIANCE MATTERS

June 30, 2011

As more fully described in the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, we performed tests of the City's compliance with certain provisions of the laws, regulations, contracts, and grants shown below.

STATE COMPLIANCE MATTERS

Code of Virginia

Budget and Appropriation Laws

Cash and Investment Laws

Conflicts of Interest Act

Local Retirement Systems

Debt Provisions

Procurement Laws

Uniform Disposition of Unclaimed Property Act

Comprehensive Services Act

Highway Maintenance

State Agency Requirements

Education

FEDERAL COMPLIANCE MATTERS

Compliance Supplement for Single Audits of State and Local Governments

Provisions and conditions of agreements related to federal programs selected for testing.

CITY OF GALAX, VIRGINIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2011

A. SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an **unqualified opinion** on the financial statements.
2. **Two significant deficiencies** relating to the audit of the financial statements are reported in the Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. **The significant deficiencies were deemed to be material weaknesses.**
3. **No instances of noncompliance material** to the financial statements were disclosed.
4. **No significant deficiencies** relating to the audit of the major federal award programs were reported in the Independent Auditor's Report on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Program and on Internal Control over Compliance in Accordance with *OMB Circular A-133*.
5. The auditor's report on compliance for the major federal award programs expresses an **unqualified opinion**.
6. The audit disclosed **no audit findings** relating to major programs.
7. The programs tested as major programs include:

<u>Name of Program:</u>	<u>CFDA Number</u>
ARRA State Fiscal Stabilization Funds	84.394
Special Education Cluster	84.027, 84.173
ARRA Special Education Cluster	84.391, 84.392
Title I Grants to Local Educational Agencies	84.010
ARRA Title I Grants to Local Educational Agencies	84.389
School Nutrition Cluster	10.553, 10.555

8. The **threshold for** distinguishing Type A and B programs was **\$300,000**.
9. The City was not determined to be a **low-risk auditee**.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

08-1: Segregation of Duties (Material Weakness)

Condition:

A fundamental concept of internal controls is the separation of duties. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. A proper segregation of duties has not been established in functions related to payroll, accounts payable, accounts receivable, and cash disbursements.

Recommendation:

Steps should be taken to eliminate performance of conflicting duties where possible or to implement effective compensating controls.

Management's Response:

Management concurs and will implement controls where possible.

CITY OF GALAX, VIRGINIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2011**

B. FINDINGS – FINANCIAL STATEMENT AUDIT (Continued)

11-1: Audit Adjustments (Material Weakness)

Condition:

We noted errors in the year end closing process related to cash at the School Board, receivables, due from other governments at Social Services, and other liabilities at the School Board in the current year indicating controls over these items are not adequate.

Recommendation:

During the year end closing process, management should implement review procedures to ensure that the propriety and reasonableness of ending balances.

Management's Response:

Management concurs and will implement procedures to address the issues noted.

C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL PROGRAMS AUDIT

None.

CITY OF GALAX, VIRGINIA

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2011**

D. FINDINGS AND QUESTIONED COSTS – COMMONWEALTH OF VIRGINIA (Continued)

11-2: Virginia Security for Public Deposits Act

Condition:

Three deposit accounts at the City were not marked as public funds.

Recommendation:

All deposit accounts should be marked as public funds in accordance with the Virginia Security for Public Deposits Act.

Management's Response:

Management concurs with this finding.

11-3: General Fund Budget Appropriations

Condition:

Expenditures exceeded budgeted appropriations in three general fund categories.

Recommendation:

Steps should be taken to ensure that any excess expenditures over budgeted appropriations be approved by City Council and the budget be amended accordingly.

Management's Response:

Management concurs with this finding.

11-4: Conflicts of Interest Act – Disclosure Forms

Condition:

One out of thirty-two people for the City did not file a statement of economic interest by the deadline required by the *Code of Virginia*. In addition, there were seven individuals who did not submit all applicable forms.

Recommendation:

Steps should be taken to ensure timely and complete filing of economic interest by all required parties.

Management's Response:

Management concurs with this finding.

CITY OF GALAX, VIRGINIA

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
Year Ended June 30, 2011**

10-1: Title I – Employee Time and Effort – CFDA 84.010

Condition:

Time required semi-annual employee time and effort certifications are not currently being filed for Title I teachers.

Recommendation:

Management should implement procedures to ensure timely and complete filing of the semi-annual employee time and effort certifications for Title I teachers.

Current Status:

No similar instances noted during the current audit.

10-2: Title I – School-Wide Plan – CFDA 84.010

Condition:

Through review of the school-wide plan, it was noted that the needs assessment was not updated with the most current data.

Recommendation:

Management should ensure that the school-wide plan is updated on a yearly basis.

Current Status:

No similar instances noted during the current audit.
