

Galax City Electoral Board
June 9, 2021, 8:30 am

The Electoral Board met in the Registrar's Office with David Phipps, who had prepared the official election materials including required envelopes with all processed ballots received. C.C. Kurtz drove to Independence to process the Democratic Party Primary Election results with Sylvia Richardson and Melba Knox present to work together to start the Canvass.

The Board completed that part of the canvas, bringing back to Galax copies of required information arriving in Galax at 11:00 am.

Board discussed June 8 Democratic Party Primary Election.

1. Board felt it was easier to work with 3 Precincts than 4, especially to assure proper number of Officers of Election in each precinct.
2. New poll workers performed very well.
3. ADA training "Opening and Closing directions" needs to be added to the operating manual.
4. It was noted that election material "packaging" of envelopes and boxes with the results from each precinct has improved.
5. One "Zip" drive from each precinct containing the archived voter check-in information used by the Electronic Pollbooks must be placed in Envelope 2 for transfer to the Clerk of Court. This fact needs to added to Election Day Guide

C. C. made the motion for the Board to meet in the Registrar's Office on June 11, 2021 at 2:00 pm to review the abstracts and wait for any late legal ballots in the afternoon mail. Board agreed.

Meeting adjourned 11:35 am.

Respectfully submitted,

Melba Knox, Secretary
